LETTERHEAD CERTIFICATE FOR FRESH/FROZEN BEEF OFFAL FOR EXPORT TO PERU

DATE ISSUED _____ CERTIFICATE NUMBER _____

- 1. The offals were derived from animals that were at least three (3) months in the United States or Canada, or since birth in the case of animals less than three months old.*
- 2. United States is a country free of Foot and Mouth Disease (FMD), Bovine Pest and Bovine Spongiform Encephalopathy (BSE).*
- 3. The slaughtered animals come from holdings that are not under official quarantine or restrictive movement of animals for control or eradication of livestock diseases, and in the slaughterhouse no outbreaks of infectious/contagious diseases, that may affect the species, have occurred.*
- 4. The stomachs of ruminants have been washed and scaled to eliminate the mucosal layer. Tripe, bladders, and stomachs have been subjected to immersion in a warm, weak solution of sodium hydroxide or other denuding agents as allowed by FSIS regulations.*
- 5. The means of transport, handling and loading conditions meet the hygiene requirements of the U.S.*
- 6. The packages containing the offals are marked with the establishment number of the producing establishment.*
- 7. The offals were produced according to the U.S. Pathogen Reduction/HACCP Systems regulation.*
